"THE TAMING OF THE SHREW"

TO THE

### MOST POPULAR TEACHER IN BRAINERD.

#### VOTE FOR YOUR CHOICE.

THE DISPATCH has ever been alive to the interests of education and has always endeavored to extend the scope of the acquirement of knowledge whenever an opportunity presents itself. With this end in view this paper has purchased a box for the performance of Shakespeare's "The Taming of the Shrew" which the well known star, Charles B. Hanford will present in this city at the Brainerd Opera House, on Monday Feb. 24. THE DISPATCH will present this box to the lady school teacher who will receive the largest number of votes.

This plan of voting is simple. All that is required for the casting of a vote is to fill and cut out the coupon printed below and send it to this office. Inasmuch as the box holds six persons, the lady for whom the largest number of ballots is cast can invite five of her friends to be her guests on the evening of February 24.

"The Taming of the Shrew" is one of the most amusing as well as instructive of Shakespeare's comedies. It has not been revived for several years and the production given by Mr. Hanford and his company is said to be adequate in every respect.

THE DISPATCH will announce the progress of the balloting each day by publishing the list of contestants with the number of their votes.

#### VOTING COUPON.

This is a vote for.....

Candidate for private box at the Brainerd Opera House for the performance of MR. CHARLES HANFORD in "The Taming of the Shrew," Feb. 24.

P. S. Write the name of your favorite on the line above and send or bring this coupon to the Dispatch office before 12 m. Feb. 22, 1902.

NOTICE—In addition to the coupon in each paper THE DISPATCH will issue 100 votes to each subscriber, new or old, who pays \$1.00 for three months in advance, 250 votes for six months in advance, and 500 votes for one year in advance.

## MURDERS THE CASHIER

DARING ATTEMPT TO ROB A  
FINANCIAL INSTITUTION IN  
THE CITY OF MEXICO.

### CRIME WAS COLD-BLOODED

Lone Highwayman Makes His Way to the Vault and Demands the Money. Upon Being Refused the Robber Fired, Killing the Bank Officer Instantly—Capture Being Inevitable, the Thief Suicides.

San Antonio, Tex., Feb. 21.—A special to The Daily Express from Mexico City says:

A daring and foolhardy attempt was made to rob the London and Mexico, one of the strongest financial concerns in the City of Mexico, by an unknown robber, who, after killing the cashier, and, seeing that he would be captured, blew out his own brains.

At an hour when business was slack and when no one but employees were in the bank, the robber entered the building, and, unobserved, made his way to the vault, near which was the cashier, whom he covered with a pistol and demanded that he give up the money in his custody. Upon the cashier's refusal the robber fired, the bullet striking the cashier in the head, killing him instantly. Other employees made a rush for the robber, who fired three shots at them without effect, and as the men continued to advance and seeing that his capture was inevitable, the robber turned his pistol on himself and sent a bullet through his brain, dying instantly.

The dead robber had no papers or any article on his body that would serve to identify him, and, other than that he was an American, nothing of him is known. He was well dressed in a tailor-made suit, wore a full beard, well trimmed, and was about 45 years of age. His general appearance was that of a well-to-do business man.

### MURDERS HIS SWEETHEART.

Philadelphia Youth Then Attempts to Commit Suicide.

Philadelphia, Feb. 21.—Confined to her bed with a badly injured ankle, the result of a fall last week, Miss Gertrude Gothie, aged 22 years, was shot dead by her lover, George Sutton, aged 19 years, who, with his mother, had come to the young woman's home to pay a visit. Still standing beside the bed Sutton sent a bullet into his own breast, but his attempt to end his own life was defeated by hospital physicians, who say he will recover.

The young couple had been friends for years, but differences in religion, youthfulness and parental objections prevented them from becoming married. Sutton and his mother visited the girl's home, and were shown to her room by her mother. After a short stay, the parents retired to another room, leaving the lovers alone. A few minutes later several shots were heard. The two mothers hastened to the room, where they found the girl lying dead in bed with a bullet hole over her heart, and through the right hand. Sutton left the house immediately after the shooting and fell from exhaustion from his own bullet wound, a block from the girl's home. He is now in the hospital.

### VALUABLE JEWELS STOLEN.

Thieves Rob the Altar of the Tiffany Chapel at New York.

New York, Feb. 21.—Seven of the precious stones in the altar of the Tiffany chapel, in the crypt of the Cathedral of St. John the Divine, on Cathedral heights, were removed by thieves who broke into the chapel early Wednesday morning. The value of the stolen jewelry and particulars of the robbery are withheld by those in charge at the cathedral. After midnight Tuesday the thieves, presumably two in number, gained access to the grounds from the entrance on One Hundred and Thirtieth street, opposite St. Luke's hospital. They then broke a window in the crypt, when they had an easy approach to the altar.

That the thieves were familiar with the nature of the altar is evident, for they unhesitatingly selected the most valuable jewels.

### MESSANGER MISSING.

Alleged to Have Looted an Express Car of \$40,000.

Laredo, Tex., Feb. 21.—A Monterey special says: The officers along the border are watching for Frank McCarthy, a Wells-Fargo messenger who is alleged to have robbed his car at San Luis Potosi, Mex.

The story of the disappearance of McCarthy as told to the officers is that he jumped from his car just as the train was leaving San Luis Potosi, and it is claimed took with him between \$35,000 and \$40,000.

### Baby Drank Carbolic Acid.

LA Crosse, Wis., Feb. 21.—As a result of Mrs. Bertha Westergaard carelessly leaving a bottle of carbolic acid on a dressing table, her 2-year-old daughter Bernice lies probably dying. The mother left the room for a moment, and when she returned the child was draining the bottle of the deadly drug. It had swallowed an ounce of the acid before she could interfere.

## SERIOUS FLOOD THREATENED.

Immense Gorges of Ice in the Rivers Near Pittsburgh.

Pittsburg, Feb. 21.—A sleet storm with rapidly moderating weather and two days of rain predicted by the government weather office promises to bring about the conditions feared for weeks past. The great danger gorges of ice in the Allegheny and Monongahela rivers. The obstructions are of the most serious character, and liable to do almost incalculable damage to river craft moored between this point and Wheeling, and should the moderate weather and rains bring down with the ice the heavy snows from the upper points, the flood which will result is likely to be a record-breaker. The gorge in the Allegheny extends almost without a break from Pittsburg fully 70 miles up the river and varies in thickness from 5 feet to 16 feet. The ice is frozen to the bottom of the river in many places, and is damming the water, with the result that the river is rising above the gorge, and this fact points out that when the first rise comes the water will be dammed back until the valley along the river would be flooded, which would do a damage not to be computed in money.

### THREE CHILDREN KILLED.

Mother and Another Child Fatally Injured by Powder Explosion.

Owingsville, Ky., Feb. 21.—Three children of John Thompson were instantly killed and another and the mother were fatally injured by the accidental explosion of a keg of blasting powder. Thompson was moving, and a keg of powder was among some things he put in the kitchen temporarily. The children were rather cold, and a fire was started in the kitchen stove.

The children were playing around the room, and in some manner one of them dropped a coal of fire in the keg of powder. Instantly there was a terrible explosion and the roof was lifted from the room. When the smoke had cleared away three little bodies, mangled beyond recognition, were picked up, while the mother and another child were more dead than alive. The dead children were aged 11, 8 and 3 years.

### BOBBLED ACCIDENT.

One Killed and Several Injured at Wilmerding, Pa.

Pittsburg, Feb. 21.—At Wilmerding in a bobbed accident, one young woman was killed and four other coasters badly injured. The dead girl is Miss Mary Pursley, aged 19. The remainder of the party, consisting of three boys and a girl, whose names could not be learned, were badly bruised and cut.

The party were coasting down Glen street, a steep thoroughfare, which was coated with ice. The sled got beyond control and at the corner of Margaret street dashed into a sewer drop. Miss Pursley's head was wedged in the uprights of the drop. She was dead when taken out.

### DRY GOODS STORE BURNS.

Fire at Lafayette, Ind., Does \$240,000 Damage.

Lafayette, Ind., Feb. 21.—An overheated furnace in the Loeb and Hene dry goods store building on the south side of the square started a fire just before midnight that caused a property loss of more than \$240,000 before the flames were placed under control. The Loeb and Hene stock, which was valued at \$140,000 was completely destroyed. The flames were communicated to the Dewinter hat store on the west, and at 2 o'clock the entire south side of the square was badly damaged by fire and water and the flames were still burning. The Dewinter hat store is a complete loss by fire and water.

### Machine and Repair Shops Burn.

New York, Feb. 21.—The repair shop, the machine shop and other buildings of the Fifth avenue branch of the Brooklyn elevated road were destroyed by fire. The largest building, burned was the machine shop, which covered a space of 500 by 200 feet. It was a shed of iron and frame, located under the elevated tracks. Besides the machinery, 25 elevated cars were destroyed. The loss is estimated at between \$200,000 and \$250,000. Three firemen were slightly injured.

### Two Children Burn to Death.

Worcester, Mass., Feb. 21.—Vera A. and Charles Loun, three and four years of age respectively, were burned to death in a fire which destroyed the Ross Petit orphanage on Hermitage Lane, at Greendale, this city. A general alarm was sounded and the firemen arrived in time to rescue, with the aid of Mrs. Petit, eight children from the building.

### EDITORS AT MINNEAPOLIS.

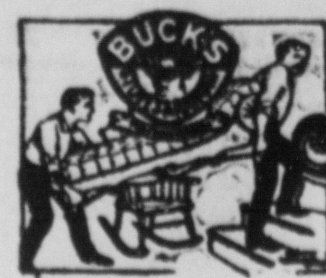

Thirty-sixth Convention of Minnesota State Editorial Association On.

Minneapolis, Feb. 21.—The 36th annual convention of the Minnesota State Editorial association was opened during the day.

When the convention opened about 200 editors and 100 of their wives assembled at the West hotel, where they were warmly welcomed by Mayor Ames in a neat speech in which he gave them the freedom of the city.

### Heavy Snow in Missouri.

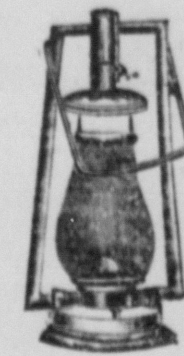

Joplin, Mo., Feb. 21.—This vicinity has in the past 24 hours experienced the heaviest snow storm in years. Over six inches of snow fell in 12 hours.

Beloit, Wis., Feb. 21.—While digging in the embankment of the new Beloit, Delavan Lake and Janesville railway, Dennis Curry of Rockton and David Shaw of Roscoe were killed and James Bordwell of Rockton badly hurt from the caving of the soil.

### Students and Cossacks Fight.

London, Feb. 21.—The Vienna correspondent of The Daily News reports an encounter between students and Cossacks at Kief, in which several were injured on both sides. The order to fire was finally given, says the correspondent, whereupon the students dispersed.

### Change in British Stamps.

The new English stamps just issued and which represent the king crowned with a wreath will undergo a change immediately after the coronation, when the wreath will be replaced by a crown. It was considered inappropriate to represent the king with a crown on his head before the actual coronation had taken place.

### Memorial to Queen Victoria.

Balmoral's memorial to the late queen will soon be finished. It consists of a gray granite obelisk and stands on the rising ground before the castle.

Other employees made a rush for the robber, who fired three shots at them without effect, and as the men continued to advance and seeing that his capture was inevitable, the robber turned his pistol on himself and sent a bullet through his brain, dying instantly.

The dead robber had no papers or any article on his body that would serve to identify him, and, other than that he was an American, nothing of him is known. He was well dressed in a tailor-made suit, wore a full beard, well trimmed, and was about 45 years of age. His general appearance was that of a well-to-do business man.

### MURDERS HIS SWEETHEART.

Philadelphia Youth Then Attempts to Commit Suicide.

Philadelphia, Feb. 21.—Confined to her bed with a badly injured ankle, the result of a fall last week, Miss Gertrude Gothie, aged 22 years, was shot dead by her lover, George Sutton, aged 19 years, who, with his mother, had come to the young woman's home to pay a visit. Still standing beside the bed Sutton sent a bullet into his own breast, but his attempt to end his own life was defeated by hospital physicians, who say he will recover.

The young couple had been friends for years, but differences in religion, youthfulness and parental objections prevented them from becoming married. Sutton and his mother visited the girl's home, and were shown to her room by her mother. After a short stay, the parents retired to another room, leaving the lovers alone. A few minutes later several shots were heard. The two mothers hastened to the room, where they found the girl lying dead in bed with a bullet hole over her heart, and through the right hand. Sutton left the house immediately after the shooting and fell from exhaustion from his own bullet wound, a block from the girl's home. He is now in the hospital.

### VALUABLE JEWELS STOLEN.

Thieves Rob the Altar of the Tiffany Chapel at New York.

New York, Feb. 21.—Seven of the precious stones in the altar of the Tiffany chapel, in the crypt of the Cathedral of St. John the Divine, on Cathedral heights, were removed by thieves who broke into the chapel early Wednesday morning. The value of the stolen jewelry and particulars of the robbery are withheld by those in charge at the cathedral. After midnight Tuesday the thieves, presumably two in number, gained access to the grounds from the entrance on One Hundred and Thirtieth street, opposite St. Luke's hospital. They then broke a window in the crypt, where they had an easy approach to the altar. That the thieves were familiar with the nature of the altar is evident, for they unhesitatingly selected the most valuable jewels.

### MESSANGER MISSING.

Alleged to Have Looted an Express Car of \$40,000.

Laredo, Tex., Feb. 21.—A Monterey special says: The officers along the border are watching for Frank McCarthy, a Wells-Fargo messenger who is alleged to have robbed his car at San Luis Potosi, Mex.

The story of the disappearance of McCarthy as told to the officers is that he jumped from his car just as the train was leaving San Luis Potosi, and it is claimed took with him between \$35,000 and \$40,000.

### Baby Drank Carbolic Acid.

La Crosse, Wis., Feb. 21.—As a result of Mrs. Bertha Westergaard carelessly leaving a bottle of carbolic acid on a dressing table, her 2-year-old daughter Bernice lies probably dying. The mother left the room for a moment, and when she returned the child was drinking the bottle of the deadly drug. It had swallowed an ounce of the acid before she could interfere.

## SERIOUS FLOOD THREATENED.

Immense Gorges of Ice in the Rivers Near Pittsburgh.

Pittsburg, Feb. 21.—A sleet storm with rapidly moderating weather and two days of rain predicted by the government weather office promises to bring about the conditions feared for weeks past. The great danger apprehended is from the immense gorges of ice in the Allegheny and Monongahela rivers. The obstructions are of the most serious character, and liable to do almost incalculable damage to river craft moored between this point and Wheeling, and should the moderate weather and rains bring down with the ice the heavy snows from the upper points, the flood which will result is likely to be a record-breaker.

The gorge in the Allegheny extends almost without a break from Pittsburg fully 70 miles up the river and varies in thickness from 5 feet to 16 feet. The ice is frozen to the bottom of the river in many places, and is damming the water, with the result that the river is rising above the gorge, and this fact points out that when the first rise comes the water will be dammed back until the valley along the river would be flooded, which would do a damage not to be computed in money.

### THREE CHILDREN KILLED.

Mother and Another Child Fatally Injured by Powder Explosion.

Owingsville, Ky., Feb. 21.—Three children of John Thompson were instantly killed and another and the mother were fatally injured by the accidental explosion of a keg of blasting powder. Thompson was moving, and a keg of powder was among some things he put in the kitchen temporarily. The children were rather cold, and a fire was started in the kitchen stove.

The children were playing around the room, and in some manner one of them dropped a coal of fire in the keg of powder. Instantly there was a terrible explosion and the roof was lifted from the room. When the smoke had cleared away three little bodies, mangled beyond recognition, were picked up, while the mother and another child were more dead than alive. The dead children were aged 11, 8 and 3 years.

### BOBBLED ACCIDENT.

One Killed and Several Injured at Wilmerding, Pa.

Pittsburg, Feb. 21.—At Wilmerding in a bobsled accident, one young woman was killed and four other coasters badly injured. The dead girl is Miss Mary Pursley, aged 19. The remainder of the party, consisting of three boys and a girl, whose names could not be learned, were badly bruised and cut.

The party were coasting down Glen street, a steep thoroughfare, which was coated with ice. The sled got beyond control and at the corner of Margaret street dashed into a sewer drop. Miss Pursley's head was wedged in the uprights of the drop. She was dead when taken out.

### DRY GOODS STORE BURNS.

Fire at Lafayette, Ind., Does \$240,000 Damage.

Lafayette, Ind., Feb. 21.—An overheated furnace in the Loeb and Hene dry goods store building on the south side of the square started a fire just before midnight that caused a property loss of more than \$240,000 before the flames were placed under control. The Loeb and Hene stock, which was valued at \$140,000 was completely destroyed. The flames were communicated to the Dewinter hat store on the west, and at 2 o'clock the entire south side of the square was badly damaged by fire and water and the flames were still burning. The Dewinter hat store is a complete loss by fire and water.

### Machine and Repair Shops Burn.

New York, Feb. 21.—The repair shop, the machine shop and other buildings of the Fifth avenue branch of the Brooklyn elevated road were destroyed by fire. The largest building, burned was the machine shop, which covered a space of 500 by 200 feet. It was a shed of iron and frame, located under the elevated tracks. Besides the machinery, 25 elevated cars were destroyed. The loss is estimated at between \$200,000 and \$250,000. Three firemen were slightly injured.

### Two Children Burn to Death.

Worcester, Mass., Feb. 21.—Vera A. and Charles Louen, three and four years of age respectively, were burned to death in a fire which destroyed the Ross Petit orphanage on Hermitage Lane, at Greendale, this city. A general alarm was sounded and the firemen arrived in time to rescue, with the aid of Mrs. Petit, eight children from the building.

### EDITORS AT MINNEAPOLIS.

Thirty-sixth Convention of Minnesota State Editorial Association On.

Minneapolis, Feb. 21.—The 36th annual convention of the Minnesota State Editorial association was opened during the day.

When the convention opened about 200 editors, and 100 of their wives assembled at the West hotel, where they were warmly welcomed by Mayor Ames in a neat speech in which he gave them the freedom of the city.

### Heavy Snow in Missouri.

Joplin, Mo., Feb. 21.—This vicinity has in the past 24 hours experienced the heaviest snow storm in years. Over six inches of snow fell in 12 hours.

### Two Killed by a Cave-In.

Beloit, Wis., Feb. 21.—While digging in the embankment of the new Beloit, Delavan Lake and Janesville railway, Dennis Curry of Rockton and David Shaw of Roscoe were killed and James Bordwell of Rockton badly hurt from the caving of the soil.

### Students and Cossacks Fight.

London, Feb. 21.—The Vienna correspondent of The Daily News reports an encounter between students and Cossacks at Kief, in which several were injured on both sides. The order to fire was finally given, says the correspondent, whereupon the students dispersed.

### Change in British Stamps.

The new English stamps just issued and which represent the king crowned with a wreath will undergo a change immediately after the coronation, when the wreath will be replaced by a crown. It was considered inappropriate to represent the king with a crown on his head before the actual coronation had taken place.

### Memorial to Queen Victoria.

Balmoral's memorial to the late queen will soon be finished. It consists of a gray granite obelisk and stands on the rising ground before the castle.

## LEADER OF GANG WAS CAPTURED

Sheriff Bailey in the City Looking for Important Witnesses in Robbery Case.

WILLIAM JOHNSON IS ARRESTED

Thought to Have Been the Ring Leader of a Gang who Operated at Bemidji.

Sheriff Bailey, of Bemidji, is in the city today looking for witnesses in an important case which will be tried at Bemidji.

It will be remembered that Chief Nelson and Captain Preston, of the local police force, sometime ago effected the capture in this city of the two men who gave their names as James Jones and John Williams. These men were taken to Bemidji and held to the grand jury on the charge of robbery in the first degree. The two men arrested here were a duo of a gang of three, and the officers have been looking for the third man, as he was the ring leader and bad nut.

He was arrested a few days ago at Blackduck by Sheriff Bailey and will have a hearing at Bemidji on Monday. He gave his name as William Johnson.

At noon Wednesday the electric lighting and power plant of the Commercial Light and Power company of this city was sold under foreclosure proceedings to the Duluth General Electric company, represented by R. R. Dunn, of St. Paul. The price for which the property was bid in was \$107,408.92. The Duluth General Electric company is a re-organized company formed by the bondholders of the old company. The plant has been in the hands of receivers for two years.—Duluth Herald.

Miss Agnes McGrath, of St. Paul, arrived in the city this afternoon for a visit with Mr. and Mrs. W. H. Cleary.

Among those who are attending the whist tournament is City Editor H. W. Grimmer of the Journal Press of St. Cloud.

W. E. Thurston logging superintendent of the Brainerd Lumber Company, of Bemidji, is in the city today on business.

L. J. Romdenne, of St. Joe, passed through the city this afternoon en route to Blackduck where he will engage in the hardware business.

He went down like an armless man and when he arose he fully realized by the appearance of his clothing and the hole left in the slush that it was himself who fell. He sneaked for a hiding place thinking that probably there was only one person on sixth or Front streets who saw the pavement hit him and unless that party recognized him, before the downfall he could not have afterward. When he phoned for a clean suit, someone laughed, "never mind Geo. Allen, it might have been worse."

## LEADER OF GANG WAS CAPTURED

Sheriff Bailey in the City Looking for Important Witnesses in Robbery Case.

## WILLIAM JOHNSON IS ARRESTED

Thought to Have Been the Ring Leader of a Gang who Operated at Bemidji.

Sheriff Bailey, of Bemidji, is in the city today looking for witnesses in an important case which will be tried at Bemidji.

It will be remembered that Chief Nelson and Captain Preston, of the local police force, sometime ago effected the capture in this city of the two men who gave their names as James Jones and John Williams. These men were taken to Bemidji and held to the grand jury on the charge of robbery in the first degree. The two men arrested here were a duo of a gang of three, and the officers have been looking for the third man, as he was the ring leader and bad nut.

He was arrested a few days ago at Blackduck by Sheriff Bailey and will have a hearing at Bemidji on Monday. He gave his name as William Johnson.

At noon Wednesday the electric lighting and power plant of the Commercial Light and Power company of this city was sold under foreclosure proceedings to the Duluth General Electric company, represented by R. R. Dunn, of St. Paul. The price for which the property was bid in was \$107,408.92. The Duluth General Electric company is a re-organized company formed by the bondholders of the old company. The plant has been in the hands of receivers for two years.—Duluth Herald.

Ball, of the M. & I., has already been provided for and will go to Glendive, Mont., where he has been tendered the position as superintendent of that division.

It is now asserted that a rearrangement of the M. & I. interests will be made giving A. J. Sovereign, of Staples, complete supervision.

## TEST WAS SUCCESSFUL.

The Record Made on the Dakota Division of the Northern Pacific with Lignite Was Good.

The test made by the Northern Pacific on a trial run between Mandan and Jamestown on the Dakota division with a view of adopting lignite-burning locomotives gave the officials of the road an insight into the worth of this fuel.

The test, which was made under the supervision of C. J. Wilson, superintendent of the Northern Pacific lines in North Dakota, was most successful. The new lignite burner which has been in use for the past few months on the Bismarck, Washburn & Great Falls railroad, was borrowed for the occasion. It was attached to one of the regular through freight trains of the Northern Pacific at Mandan and sent through to the end of the division, which is at Jamestown, a total distance of 106 miles. The actual running time was 5½ hours, which was covered at an average rate of twenty miles an hour, which is considered a fair rate of speed for freight transportation. The amount of fuel consumed was seven-ton tons.

Taking this test as a basis of computation, the lignite coal will afford a saving of from 25 to 50 per cent on the cost of fuel.

This successful trial is very suggestive. If it can be shown that the record made yesterday can be performed in regular service it means a complete revolution in the type of locomotives now in use in the region tributary to the lignite mines. This region includes all of North Dakota, eastern Montana and western Minnesota. It is possible that the engines now in service can be so remodeled as to burn the new fuel.

## LINED UP IN WHIST TOURNNEY

Teams Arrive in City From Many North Dakota and Minnesota Cities.

## THERE ARE FIVE TEAMS HERE.

Playing Commenced this Afternoon in Elk hall—Another Session Tonight.

The annual tournament of the Red River Valley Whist Association will open this evening at 7:30 o'clock in the new Elk hall in the Gruenhagen building. Playing will commence at once and continue on through tomorrow. There will be three sessions of whist playing, of three hours each, so that it will be tomorrow afternoon sometime when the tournament will close so far as whist playing is concerned.

There will be a short business session shortly after the playing is over tomorrow afternoon.

Brainerd will have a team composed of H. I. Cohen and Fred Farrar, Mons Mahlum and C. M. Patek. The following play in singles or pairs, as distinguished from the team play: R. J. Hartley and J. J. Howe, Jr., J. M. Elder and A. D. Polk, M. K. Swartz and Howard Isbam, E. W. Crane and Frank Polk.

After the play tonight there will be a banquet served in honor of the visiting whist players at the City Hotel.

Many of the players arrived this afternoon and they thought that they would play some this afternoon, a short session.

The following teams are on the ground from outside the city:

Fargo—C. P. Walker, A. E. Bestie, F. A. Whiting and B. L. Kimball. Mayville and Grand Forks—D. Larin, S. P. Dunn, Judge Templeton and F. W. Wilder.

Fergus Falls—W. L. Parsons, E. A. Jewett, D. M. Brown and H. M. Wheelock.

St. Cloud—Dr. W. L. Beebe, R. L. Gale, E. E. Clark and H. W. Grimmer.

The Alexandria team did not get here as was expected. Members of the team are away from the city and they could not get a strong enough combination, they thought, to come down.

Both Drs. Camp and Courtney are away and on this account the local team will be somewhat weakened.

**Where'd you get these fine oranges? At Cale & Bane's, 8c per doz.**

## A GUESSING CONTEST.

A Ladies' Gold Watch Valued at \$25 Given Away Free.

The Boston Coffee House, of Boston, Mass., has made arrangements with H. P. Dunn & Co., of this city, to display in their window a beautiful ladies' hunting case gold watch to be given away free.

They also display at the same place a glass jar filled with candy.

Every person purchasing one pound of Log Cabin coffee from any store in this city and bringing the wrappers to H. P. Dunn & Co's store will be entitled to one guess for each pound purchased.

The names and the number guessed by each person will be registered in rotation as they come in, and the first person so registered who guesses the correct number, or nearest the correct number of pieces of candy in the jar will be awarded the beautiful gold watch.

Guessing contest closes Friday, March 14th, at 7 o'clock p. m., at which time the jar will be opened and candy counted by a committee of disinterested parties. Ask your grocer for Log Cabin, Mocha and Java coffee. The price of it is 25c per pound. Save the wrappers and bring them to us.

There have been thousands of pounds of this coffee sold in this city, and it is as good as most coffee sold at 35c per pound.

Respectfully,

H. P. DUNN & CO.

## MUSIC AND DRAMA.

## "ALVIN JOSLIN" TOMORROW NIGHT

Tomorrow night that funniest of all rural comedies, "Alvin Joslin" will be the attraction at the Brainerd Opera House, and if the record that has been made on this circuit is a criterion the house tomorrow night should be packed. "Alvin Joslin," an old Vermont farmer, receives a letter from an English lawyer informing him that his (Alvin's) step-brother has died in England, leaving him all his fortune on condition that he never marries. In case he is married, the fortune goes to Alvin's nephew, Edwin Milton, a New York broker, providing he never marries. Each is married but the other is not aware of it. Uncle Alvin makes up his mind to give his wife, Florinda, a shrewish female, the slip and go to New York, represent himself as a single man and thus secure the fortune. On his arrival in the city the old fellow gets into all sorts of difficulties and just as he thinks he has secured the fortune his wife comes to the city in search of him. She finally finds him and declares that he is her husband. Alvin's efforts to elude his wife result in no end of fun, and the means he uses to get out of his many difficulties are laughable in the extreme. Several well known localities in New York are represented by new and special scenery. Among the principal scenes are the Grand Central, the famous Brooklyn Bridge by moonlight, a thieves' den in Baxter street, and a typical bowery concert hall. During the play several new and novel specialties will be introduced.

## MISS HELEN GRANTLY.

Although Miss Grantly's name is not as familiar to the theatre-goers on this side of the Atlantic as Mr. Charles B. Hanford's, her reputation having been

gained largely through her English successes, there is every indication that her charming impersonation of Katherine in the "Taming of the Shrew," which evoked so much praise in England will win for her hosts of friends in this country. To play Katherine is the dominant desire of every actress, and it was this ambition that induced Miss Grantly to refuse tempting histrionic offers in Great Britain and come to this country to be the leading feature in Mr. Hanford's support. She is probably the youngest actress who has ever interpreted the character. Her talents, however, are far beyond her years and in addition to the dramatic qualities that she possesses in so marked a degree, she is justly celebrated for her striking personal beauty. In face and figure Miss Grantly is said to be nearer the ideal than any other actress on the English speaking stage.

In the "Taming of the Shrew," which Mr. Charles B. Hanford and an excellent company will present at the Brainerd Opera House on Monday evening Feb. 24, Miss Grantly wears several exquisite robes that were specially designed for her by Worth of Paris. Her gowns are said to be marvels of the dressmaker's art.

Sale of seats opens tomorrow morning at 10 o'clock, at Dunn's.

## G. D. BALL GOES TO GLENDIVE

He will Succeed Supt. C. W. Cline of the Glendive Division of the N. P.

## MORE M. & I. CHANGES RUMORED

It is Said A. J. Sovereign will Have Superintendency of the M. & I.

The article published a few days ago by THE DISPATCH in which it was stated that there was a probability that the M. & I. would be absorbed by the N. P. and in one of the divisions seems now to be an almost assured fact. Superintendent G. D. Ball, of the M. & I., has already been provided for and will go to Glendive, Mont., where he has been tendered the position as superintendent of that division.

It is now asserted that a rearrangement of the M. & I. interests will be made giving A. J. Sovereign, of Staples, complete supervision.

## TEST WAS SUCCESSFUL.

The Record Made on the Dakota Division of the Northern Pacific with Lignite Was Good.

The test made by the Northern Pacific on a trial run between Mandan and Jamestown on the Dakota division with a view of adopting lignite-burning locomotives gave the officials of the road an insight into the worth of this fuel.

The test, which was made under the supervision of C. J. Wilson, superintendent of the Northern Pacific lines in North Dakota, was most successful. The new lignite burner which has been in use for the past few months on the Bismarck, Washburn & Great Falls railroad, was borrowed for the occasion. It was attached to one of the regular through freight trains of the Northern Pacific at Mandan and sent through to the end of the division, which is at Jamestown, a total distance of 106 miles. The actual running time was 5½ hours, which was covered at an average rate of twenty miles an hour, which is considered a fair rate of speed for freight transportation. The amount of fuel consumed was seventeen tons.

Taking this test as a basis of computation, the lignite coal will afford a saving of from 25 to 50 per cent on the cost of fuel.

This successful trial is very suggestive. If it can be shown that the record made yesterday can be performed in regular service it means a complete revolution in the type of locomotives now in use in the region tributary to the lignite mines. This region includes all of North Dakota, eastern Montana and western Minnesota. It is possible that the engines now in service can be so remodeled as to burn the new fuel.

## G. D. BALL GOES TO GLENDIVE

He will Succeed Supt. C. W. Cline, of the Glendive Division of the N. P.

## MORE M. & I. CHANGES RUMORED

It is Said A. J. Sovereign will Have Superintendency of the M. & I.

The article published a few days ago by THE DISPATCH in which it was stated that there was a probability that the M. & I. would be absorbed by the N. P. and placed in one of the divisions seems now to be an almost assured fact. Superintendent G. D. Ball, of the M. & I., has already been provided for and will go to Glendive, Mont., where he has been tendered the position as superintendent of that division.

It is now asserted that a rearrangement of the M. & I. interests will be made giving A. J. Sovereign, of Staples, complete supervision.

### TEST WAS SUCCESSFUL.

The Record Made on the Dakota Division of the Northern Pacific with Lignite Was Good.

The test made by the Northern Pacific on a trial run between Mandan and Jamestown on the Dakota division with a view of adopting lignite-burning locomotives gave the officials of the road an insight into the worth of this fuel.

The test, which was made under the supervision of C. J. Wilson, superintendent of the Northern Pacific lines in North Dakota, was most successful. The new lignite burner which has been in use for the past few months on the Bismarck, Washburn & Great Falls railroad, was borrowed for the occasion. It was attached to one of the regular through freight trains of the Northern Pacific at Mandan and sent through to the end of the division, which is at Jamestown, a total distance of 106 miles. The actual running time was 5½ hours, which was covered at an average rate of twenty miles an hour, which is considered a fair rate of speed for freight transportation. The amount of fuel consumed was seventeen tons.

Taking this test as a basis of computation, the lignite coal will afford a saving of from 25 to 50 per cent on the cost of fuel.

This successful trial is very suggestive. If it can be shown that the record made yesterday can be performed in regular service it means a complete revolution in the type of locomotives now in use in the region tributary to the lignite mines. This region includes all of North Dakota, eastern Montana and western Minnesota. It is possible that the engines now in service can be so remodeled as to burn the new fuel.

The result of the voting in THE DISPATCH most popular teacher contest changed but little today on the whole but it brings Miss Arnold and Miss Merritt around the loop neck and neck.

A large number of votes it is thought are being held back and some surprises may be expected in the final results tomorrow afternoon.

The following is the vote today: Miss Elizabeth M. Somers..... 2,221 Miss Rose Arnold..... 1,289 Miss F. Merritt..... 1,282 Miss May McCarthy..... 455 Miss Grace Sherwood..... 407 Miss Mary J. Burke..... 113

### HE WAS NOTIFIED.

Secretary Mahlum Says that Supt. Torrens Was Officially Notified Notwithstanding Other Reports.

Secretary Mahlum informed THE DISPATCH this morning that he had notified Superintendent Torrens on Feb. 19, of the action of the board of education in discharging him, reports to the contrary notwithstanding.

THE DISPATCH was informed, as stated in yesterday's issue, that Mr. Torrens would stick until officially notified and the informant went further and stated that he knew Mr. Torrens would be in the schools at least until April 1.

## LINED UP IN WHIST TOURNNEY

Teams Arrive in City From Many North Dakota and Minnesota Cities.

### THERE ARE FIVE TEAMS HERE.

Playing Commenced this Afternoon in Elk hall—Another Session Tonight.

The annual tournament of the Red River Valley Whist Association will open this evening at 7:30 o'clock in the new Elk hall in the Gruenhagen building. Playing will commence at once and continue on through tomorrow. There will be three sessions of whist playing, of three hours each, so that it will be tomorrow afternoon sometime when the tournament will close so far as whist playing is concerned.

There will be a short business session shortly after the playing is over tomorrow afternoon.

Brainerd will have a team composed of H. I. Cohen and Fred Farrar, Mons Mahlum and C. M. Patek. The following play in singles or pairs, as distinguished from the team play: R. J. Hartley and J. J. Howe, Jr., J. M. Elder and A. D. Polk, M. K. Swartz and Howard Isbam, E. W. Crane and Frank Polk.

After the play tonight there will be a banquet served in honor of the visiting whist players at the City Hotel.

Many of the players arrived this afternoon and they thought that they would play some this afternoon, a short session.

The following teams are on the ground from outside the city:

Fargo—C. P. Walker, A. E. Bestie, F. A. Whiting and B. L. Kimball.

Mayville and Grand Forks—D. Larin, S. P. Dunn, Judge Templeton and F. W. Wilder.

Fergus Falls—W. L. Parsons, E. A. Jewett, D. M. Brown and H. M. Wheelock.

St. Cloud—Dr. W. L. Beebe, R. L. Gale, E. E. Clark and H. W. Grimmer.

The Alexandria team did not get here as was expected. Members of the team are away from the city and they could not get a strong enough combination, they thought, to come down.

Both Drs. Camp and Courtney are away and on this account the local team will be somewhat weakened.

**Where'd you get these fine oranges? At Cale & Bane's, 8c per doz.**

### A GUESSING CONTEST.

A Ladies' Gold Watch Valued at \$25 Given Away Free.

The Boston Coffee House, of Boston, Mass., has made arrangements with H. P. Dunn & Co., of this city, to display in their window a beautiful ladies' hunting case gold watch to be given away free.

They also display at the same place a glass jar filled with candy.

Every person purchasing one pound of Log Cabin coffee from any store in this city and bringing the wrappers to H. P. Dunn & Co's store will be entitled to one guess for each pound purchased.

The names and the number guessed by each person will be registered in rotation as they come in, and the first person so registered who guesses the correct number, or nearest the correct number of pieces of candy in the jar will be awarded the beautiful gold watch.

Guessing contest closes Friday, March 14th, at 7 o'clock p. m., at which time the jar will be opened and candy counted by a committee of disinterested parties. Ask your grocer for Log Cabin, Mocha and Java coffee. The price of it is 25c per pound. Save the wrappers and bring them to us.

There have been thousands of pounds of this coffee sold in this city, and it is as good as most coffee sold at 25c per pound.

Respectfully,

H. P. DUNN & CO.

## MUSIC AND DRAMA.

"ALVIN JOSLIN" TOMORROW NIGHT

Tomorrow night that funniest of all rural comedies, "Alvin Joslin" will be the attraction at the Brainerd Opera House, and if the record that has been made on this circuit is a criterion the house tomorrow night should be packed. "Alvin Joslin," an old Vermont farmer, receives a letter from an English lawyer informing him that his (Alvin's) step-brother has died in England, leaving him all his fortune on condition that he never marries. In case he is married, the fortune goes to Alvin's nephew, Edwin Milton, a New York broker, providing he never marries. Each is married but the other is not aware of it. Uncle Alvin makes up his mind to give his wife, Clorinda, a shrewish female, the slip and go to New York, represent himself as a single man and thus secure the fortune. On his arrival in the city the old fellow gets into all sorts of difficulties and just as he thinks he has secured the fortune his wife comes to the city in search of him. She finally finds him and declares that he is her husband. Alvin's efforts to elude his wife result in no end of fun, and the means he uses to get out of his many difficulties are laughable in the extreme. Several well known localities in New York are represented by new and special scenery. Among the principal scenes are the Grand Central, the famous Brooklyn Bridge by moonlight, a thieves' den in Baxter street, and a typical bowery concert hall. During the play several new and novel specialties will be introduced.

MISS HELEN GRANTLY.

Although Miss Grantly's name is not as familiar to the theatre-goers on this side of the Atlantic as Mr. Charles B. Hanford's, her reputation having been

gained largely through her English successes, there is every indication that her charming impersonation of Katherine in the "Taming of The Shrew," which evoked so much praise in England will win for her hosts of friends in this country. To play Katherine is the dominant desire of every actress, and it was this ambition that induced Miss Grantly to refuse tempting histrionic offers in Great Britain and come to this country to be the leading feature in Mr. Hanford's support. She is probably the youngest actress who has ever interpreted the character. Her talents, however, are far beyond her years and in addition to the dramatic qualities that she possesses in so marked a degree, she is justly celebrated for her striking personal beauty. In face and figure Miss Grantly is said to be nearer the ideal than any other actress on the English speaking stage.

In the "Taming of the Shrew," which Mr. Charles B. Hanford and an excellent company will present at the Brainerd Opera House on Monday evening Feb. 24, Miss Grantly wears several exquisite robes that were specially designed for her by Worth of Paris. Her gowns are said to be marvels of the dressmaker's art.

Sale of seats opens tomorrow morning at 10 o'clock, at Dunn's.

### RESTFUL SLEEP.

Many Brainerd People Find It Hard To Get.

Hard to sleep at night. With that awful bane, Itching Piles. With irritating Eczema. With any itchininess of the skin. Doan's Ointment relieves and cures.

Here's Brainerd testimony to prove it. Mrs. S. Brain, of 125 South Ninth street, says: "I can recommend Doan's Ointment highly for hemorrhoids, an affliction which gave me no end of misery. Procuring a box at a drug store I only made a few applications of the ointment and there has not been the slightest annoyance since. I am fully convinced after such an experience, that Doan's Ointment is a medicine which can be relied upon to cure any one suffering from an exasperating annoyance as I had."

Sold for 50 cents a box, at the McFadden Drug Co., H. P. Dunn & Co., and all druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name, Doan's, and take no substitute.

## CONTINUE TO FIGHT

FREQUENT BATTLES IN BARCELONA BETWEEN STRIKERS AND SOLDIERS.

### STRICT CENSORSHIP EXISTS

Little News of the Real Situation Allowed to Be Sent Out—Government Declines to Publish the Casualties of the Encounters—Women Take a Prominent Part in the Riotous Demonstrations.

Madrid, Feb. 21.—According to telegrams received here from Barcelona the street fighting there continues. The heavy rain which fell during the day helped to disperse the rioters, and the authorities are taking severe measures.

A proclamation has been issued ordering all private individuals to surrender any weapons they may possess, under pain of severe penalties. The sale of arms is prohibited.

Forty workmen's associations have been dissolved, and the members of their committees arrested. The dwellings of the strike leaders and of anarchists are being registered, and put under guard.

Premier Sagasta is preparing a decree establishing martial law throughout Spain. The signature of the decree, it is believed, will be followed by a national crisis.

The military engineers have assumed control of the street car service, and a few cars, half-filled with soldiers, are running. Even the funeral coaches have to be protected by the police. No letters have been delivered in Barcelona in three days, and in some distant parts of the town business is completely paralyzed.

A pitched battle occurred in the outskirts of the city between the strikers and the military escort attached to several wagons that were bringing in provisions. The contents of the wagons were dragged out, and barricades were built across the road. The rails have been torn up to prevent trains from entering the city. The strike movement has begun to spread seriously. At Castellon de la Plana, taking advantage of the night and of the absence of the police, the strikers set fire to two factories with the aid of petroleum. The factories were burned. At a workmen's meeting held at Castellon de la Plana, a general strike was voted. At Saragossa most of the factories have already closed on the demands of the workmen, and the strikers are bringing pressure to bear to compel the factories still remaining open to close their doors. The captain general of Saragossa has wired for reinforcements.

A strike commenced at Valencia, but, owing to the refusal of the dock laborers to participate in it it did not become general. The police at Valencia, assisted by the troops, have, up to the present time, been able to maintain order there.

Martial law, it is learned, has been proclaimed at Manresa, about 30 miles northwest of Barcelona, and at Saragossa. At the latter place the troops have occupied a strategic position in order to check the disturbances.

Official telegrams received here describe a slight improvement in the situation at Barcelona, and officials seem more hopeful.

### Real State of Affairs Unknown.

Owing to the censorship over news from Barcelona, it is difficult to ascertain the real state of affairs there. It is quite certain, however, that all the efforts of the authorities to persuade the labor leaders into a conciliatory attitude have so far failed, and the extension of the strike is more likely than its restriction.

In addition to the labor movement, the ever-present Catalan home rule agitation is likely to prove a serious factor in the situation. One hopeful sign is the fact that almost alone among the ministers and the government authorities, General Weyler is in sympathy with the Catalan demands, and is inclined to study their grievances. He has held military commands in Catalonia, speaks the Catalan language, and understands the situation.

The government declines to publish figures of the casualties in the riots of Tuesday and Wednesday. It is inferred from private information received here that 40 persons were killed and 200 wounded during the encounters of those days, and that 500 arrests have been made. All persons who were slightly wounded were concealed by their friends in order to avoid prosecution.

Women took a prominent part in the riots, and were more violent than the men. Among the incidents related of the disorders at Barcelona is the case of a policeman who fell a victim to his resemblance to an inspector named Tiesels, who is much hated by the anarchists. The policeman, mistaken for the inspector, was assassinated.

The telegraph lines have been cut between Sabadell and Tarrasa. It is feared the strike will next extend to Seville and Verona and a ministerial crisis is not an unlikely outcome of the trouble.

It transpires that last Sunday several workmen's meetings were held in Barcelona. The principal meeting was held at the Circo Espanol and was attended by 6,000 persons. Teresa Claramunt, the notorious agitator Bonifalla, and other anarchists, made violent speeches at this meeting in favor of a general strike. This idea was instantly adopted, and the intervention of the government agents, who always attend such meetings, was openly spurned.

### Boy Charged With Theft.

Chicago, Feb. 21.—Seventeen-year-old Fred Miller of Toronto, Ont., has been arrested here. Miller is alleged to have absconded with money which he was sent by his employers to bank.

## RAKED STREET AFTER STREET.

Artillery Was Brought into Action at Barcelona.

London, Feb. 21.—A message to the Exchange Telegraph company from Barcelona via Perpignan, France, says a fierce battle has been fought between the troops and the rioters in the suburb of Barcelona known as Sano. Before the engagement the cavalry and infantry had been posted in the most dangerous points and a field battery had been located on the plaza from which vantage point the guns could sweep the surrounding streets. When the final clash with the troops occurred, continued the dispatch, the artillery was brought into action and raked street after street. The rioters engaged the batteries at close range, but were finally driven off. It is reported that 500 persons were killed and wounded on both sides. The entire neighborhood was wrecked by the shells. The ruins caught fire and this completed the destruction.

Further fighting is reported at Masaro (fifteen miles from Barcelona), where a quantity of arms have been discovered. Fighting is also reported at Tortosa and Tarragona, respectively 100 and 50 miles southwest of Barcelona.

### VALUE OF DOMESTIC ANIMALS.

Census Bureau Issues a Report on the Subject.

Washington, Feb. 21.—The census bureau in a report on domestic animals, fowls and bees in the United States on June 1, 1900, announces that all the domestic animals in the United States have a probable value of at least \$3,200,000,000. Of this amount the value of the animals on farms and ranges constitute over 93 per cent and those not on farms 7 per cent. The census received no reports on value of animals, but estimates it at \$215,192,928. The total value of all domestic animals on farms and ranges was \$2,981,054,115, against \$2,208,760,513 in 1890. There was a gain in all parts of the country, except in the North Atlantic states, where there was a decrease of horses, sheep and swine, making a total decrease of 3 per cent in value. Iowa leads all the states in the total value of its live stock, while Texas ranks second. The former has an investment of live stock of \$271,844,034, and the latter has \$236,227,434. Texas, however, has the greatest number of neat cattle, mules and boats, but the average value of these and other animals being less than in Iowa the pre-eminence in value rests with Iowa.

### FRENCH STEEL COMPETITION.

Agents at Chicago Said to Be Looking for Contracts.

Chicago, Feb. 21.—The Record-Herald says: The steel trust has found a competitor in the Union Steel company of France. That company now has a representative in Chicago endeavoring to obtain contracts at less than trust prices.

It is claimed by these representatives that one contract has been signed.

Rene Blum and Gaston Block, who were sent to this country by the French company, say the steel they sell is made by a new process, which is known only to those engaged in its manufacture. By this secret process they assert their concern can produce the best steel at about half the cost of American manufacture. They further say the new product is practically non-breakable. The Frenchmen visited the offices of the Burlington, the Alton and other railways and it is said the first named road made contracts for large consignments of steel to be used in the manufacture of tools for their machine shops.

### STOCKS FELL SHARPLY.

Attorney General's Proposed Fight on the Railway Merger Affects Them.

New York, Feb. 21.—The announcement by the attorney general of the United States that he believed the Northern Securities company infringed the anti-trust law and that he would file a bill in equity in the supreme court, in accordance with instructions from the president, to test the question, overshadowed all other considerations in the stock market. The acute interest manifested in this company by all speculators, and, indeed, all holders of securities, was vividly demonstrated by the effect in the stock market and was the more notable since Great Northern preferred is the only stock remaining list on the exchange which is directly included in the securities company. Yet the whole market fell away sharply under heavy liquidation, with only a few unimportant exceptions.

### ALONG THE GERMAN COAST.

Wireless Telegraph Stations to Be Established.

Berlin, Feb. 21.—The navy department has decided to establish a chain of wireless telegraph stations along the entire German coast. For the last few days trials have been conducted at Kiel to determine whether the department shall use the Braun system or the Slaby-Arco system. In the latter of which Emperor William has shown great interest. Thirty-two German warships have already been equipped with the Slaby-Arco system of wireless telegraphy, while eight more are to have this system installed. Official reports say that the Slaby-Arco system gives the most satisfactory results as by this system wireless messages are transmitted a distance of 125 miles as against 90 miles by the Marconi system.

### Publishers Elect Officers.

New York, Feb. 21.—At the afternoon session of the Newspaper Publishers' association, the following were elected: President, Charles H. Taylor, Jr., of the Boston Globe; vice president, A. A. McCormick, Chicago Record-Herald; secretary, W. C. Bryant, Brooklyn Times; treasurer, Edward P. Call, New York Evening Post.

### Democratic Caucus Postponed.

Washington, Feb. 21.—The caucus of Democratic members has been postponed because of the early meeting of the senate. No date is fixed for the caucus.

## AUTHORITY DISPUTED

SENATOR PATTERSON ATTACKS SEDITION LAWS FRAMED BY PHILIPPINE COMMISSION.

### ROASTS GOVERNOR TAFT

Compares Information Furnished by Executive Departments With Statements Made by Taft Before the Philippine Committee—Forty-Two Pages of the Indian Bill Disposed of by the House.

Washington, Feb. 21.—With the exception of a few minutes given to routine business, the senate devoted its entire session to the Philippine question. Mr. Patterson of Colorado, one of the minority members of the Philippine committee, delivered his first extended speech in the senate and was given a most attentive and careful hearing. He discussed principally the sedition laws enacted by the Philippine commission, vigorously attacking the authority of the commission to enact and enforce such laws. He maintained that congress alone had the power to put in force enactments of that character. He compared information furnished by the executive departments of the government with some of the statements of Governor Taft in his testimony before the Philippine committee with respect to the capabilities of the Philippine people, and declared, with some heat, his belief that Governor Taft misrepresented the true situation in the islands for motives unknown. He asserted that if the 6,000,000 of Christians in the Philippines were Protestant Christians the cruelties practiced on them by the American authorities would have to stop, as no member would be able to withstand the wrath of the Methodists, Baptists and Presbyterians of this country.

### Nelson and McCumber Speak.

Mr. Nelson of Minnesota presented a legal and constitutional argument in support of this government's action in the Philippine archipelago and sharply criticised Mr. Patterson for injecting into the controversy the question of sectarianism. Mr. McCumber of North Dakota urged that congress should not bind the future now by a declaration of a definite policy regarding the Philippines as it was desirable that all possible information should be in hand before a permanent policy was determined upon. In conclusion he said that the commercial advantages of the Philippine islands should be considered but they were overshadowed by three great duties—duty to the people of the Philippines, to the people of the world and to the people of the United States. When these duties had been performed, and when all had been done for the betterment of the Philippines, there could be done by the United States, then it would be time to determine what should be the final disposition of the islands so far as this country was concerned.

A bill authorizing the construction of a bridge over the Missouri river at Kansas City, was passed, and the senate then at 5:15 p. m., went into executive session, and soon after adjourned.

### INDIAN APPROPRIATION BILL.

House Spends the Entire Day in Its Discussion.

Washington, Feb. 21.—The house spent the day working on the Indian appropriation bill. Forty-two of the 62 pages were disposed of. Several amendments were adopted, but none of much importance. The appropriation for preliminary work in the reservoir for the Gila river valley went out on a point of order. Mr. Smith (A. T.) offered an amendment to strike out the appropriation for the Carlisle school, and it became the text for a general onslaught on the practice of educating Indians in eastern schools. His amendment was defeated.

Just before the close of the session, Mr. Fitzgerald (N. Y.) made an attack on the superintendent of the school at Mount Pleasant, Mich., who, he said, was charged with permitting the debauching of Indian girls. Mr. Sherman, chairman of the Indian committee, promised to make an investigation at the Indian office.

### SECRETARY LONG MAY RETIRE.

Said He Has Been Waiting for Disposal of the Schley Case.

Washington, Feb. 21.—Now that the Schley matter has been settled officially, it is understood that Secretary Long feels he is at liberty to carry out the project cherished by him in the last year of President McKinley's administration to retire to private life. However, this is not expected to ensue at once, for there is no certain knowledge of what may follow in congress, notwithstanding a strong belief by the administration that the case is settled beyond revival. Therefore, it is understood that the change in the cabinet circle will not take place before the adjournment of the present session of congress, and perhaps not until next autumn.

### Knox Intends to Remain.

Washington, Feb. 21.—Reports having been rather widely circulated that Attorney General Knox had decided to resign from the cabinet, it can be stated that there is absolutely no basis of fact for these reports.

### Furniture Factory Burns.

Toronto, Ont., Feb. 21.—Fire starting by spontaneous combustion in the finishing room of the Menzies Manufacturing company, limited, manufacturers of furniture, and spreading to the adjoining premises of the Merchants Dyeing and Finishing company, did damage to the extent of \$205,000.

## FISCAL SUMMING UP.

Prosecution Concludes in the Cuban Postal Frauds Case.

Havana, Feb. 21.—The fiscal began summing up for the prosecution during the day in the cases of the Cuban postal frauds. He withdrew all the charges against the two Cuban stamp clerks, Moya and Mascara. He withdrew the charges against Estes G. Rathbone for issuing duplicate warrants and charged the issuing of these warrants to W. H. Reeves and C. F. W. Neely. He maintained the charges of conspiracy and extravagance against Rathbone, and said these cases were the most important that had ever come before the Cuban courts. He declared that there was no doubt from the testimony of the experts that \$122,000 had been stolen. He said that Rathbone had full powers for the organization of the postal service in Cuba, and was only responsible to the postmaster general, and that if the service had been properly organized the majority of the frauds in question could not have occurred. Rathbone, said the fiscal, did not deposit the funds as required by the postal laws, and that they should have been deposited when they were received, instead of which Rathbone left the money in the safe. This alone, the fiscal declared, rendered Rathbone liable to imprisonment for six months. He said that Rathbone must have known of these irregularities or stealings. He also introduced letters to show the intimacy which had existed between Neely, Reeves and Rathbone.

### MINNESOTA LAWMAKERS.

Tax Bill Reported by Senate Committee Without Recommendation.

St. Paul, Feb. 21.—A new menace to the tax bill loomed before legislators during the morning. By the Wallace compromise, enemies of the bill have been won over. On the other hand, some of its friends loudly threaten desertion. The Wallace compromise amendment has been agreed to by representatives of two elements.

These amendments, which re-enact the present law as to listing property, were pronounced satisfactory and the prospects were bright for the speedy passage of a compromise bill in the house, but the farmer members of the legislature, who have been supporting the bill, declare they will vote against a compromise.

The tax bill is at last before the senate, but has not been taken up for discussion. It was reported out during the morning by the committee without change or recommendation.

### SEEK ELEVATOR RELIEF.

Independent Grain Buyers Form Large Organization.

Fargo, N. D., Feb. 21.—The Northwestern Elevator company was established here during the day as a permanent organization by independent grain buyers from Iowa, Minnesota and the two Dakotas. The officers are: President, W. H. McPherson, Valley City, N. D.; first vice president, A. L. Ballou, Larabee, Ia.; second vice president, B. W. Perr, Bath, S. D.; secretary, J. C. Hanney, St. Paul, Minn.; treasurer, J. M. Finney, Clinton, Minn.

The organization seeks to end warfare between buyers and old line elevator companies. It will act as kind of arbitrator and adjust differences at local points so that satisfactory prices may be permanently established.

### Battle Raging in Colombia.

Panama, Colombia, Feb. 21.—It is positively known here that the forces under the government, General Castro, and the revolutionary, General Herrera, are fighting. Varied and numerous reports have reached here of this engagement, but they all lack confirmation. The forces of the above mentioned commanders are in the vicinity of Agua Dulce, Yeguala and San Carlos, between 30 and 40 miles southwest of Panama.

## CONTINUE TO FIGHT

FREQUENT BATTLES IN BARCE-

LONA BETWEEN STRIKERS

AND SOLDIERS.

## STRICT CENSORSHIP EXISTS

Little News of the Real Situation Al-

lowed to Be Sent Out—Government

Declines to Publish the Casualties

of the Encounters—Women Take a

Prominent Part in the Riotous Dem-

onstrations.

Madrid, Feb. 21.—According to tele-  
grams received here from Barcelona  
the street fighting there continues.  
The heavy rain which fell during the  
day helped to disperse the rioters,  
and the authorities are taking severe  
measures.

A proclamation has been issued or-  
dering all private individuals to sur-  
render any weapons they may possess,  
under pain of severe penalties. The  
sale of arms is prohibited.

Forty workmen's associations have  
been dissolved, and the members of  
their committees arrested. The  
dwellings of the strike leaders and of  
anarchists are being registered, and  
put under guard.

Premier Sagasta is preparing a de-  
cree establishing martial law through-  
out Spain. The signature of the de-  
cree, it is believed, will be followed  
by a national crisis.

The military engineers have assum-  
ed control of the street car service,  
and a few cars, half-filled with soldiers,  
are running. Even the funeral coaches  
have to be protected by the police.  
No letters have been delivered in Bar-  
celona in three days, and in some dis-  
tant parts of the town business is com-  
pletely paralyzed.

A pitched battle occurred in the  
outskirts of the city between the strik-  
ers and the military escort attached  
to several wagons that were bringing  
in provisions. The contents of the  
wagons were dragged out, and barri-  
cades were built across the road. The  
raids have been torn up to prevent  
trains from entering the city. The  
strike movement has begun to spread  
seriously. At Castellon de la Plana,  
taking advantage of the night and the  
absence of the police, the strikers  
set fire to two factories with the aid  
of petroleum. The factories were  
burned. At a workmen's meeting held  
at Castellon de la Plana, a general  
strike was voted. At Saragossa most  
of the factories have already closed  
on the demands of the workmen, and  
the strikers are bringing pressure to  
bear to compel the factories still re-  
maining open to close their doors. The  
captain general of Saragossa has wired  
for reinforcements.

A strike commenced at Valencia,  
but, owing to the refusal of the dock  
laborers to participate in it it did not  
become general. The police at Valen-  
cia, assisted by the troops, have, up  
to the present time, been able to main-  
tain order there.

Martial law, it is learned, has been  
proclaimed at Manresa, about 30 miles  
northwest of Barcelona, and at Sara-  
gossa. At the latter place the troops  
have occupied a strategic position in  
order to check the disturbances.

Official telegrams received here de-  
scribe a slight improvement in the sit-  
uation at Barcelona, and officials seem  
more hopeful.

## Real State of Affairs Unknown.

Owing to the censorship over news  
from Barcelona, it is difficult to as-  
certain the real state of affairs there.  
It is quite certain, however, that all  
the efforts of the authorities to per-  
suade the labor leaders into a con-  
ciliatory attitude have so far failed,  
and the extension of the strike is more  
likely than its restriction.

In addition to the labor movement,  
the ever-present Catalan home rule  
agitation is likely to prove a serious  
factor in the situation. One hopeful  
sign is the fact that almost alone  
among the ministers and the govern-  
ment authorities, General Weyler is  
in sympathy with the Catalanian de-  
mands, and is inclined to study their  
grievances. He has held military com-  
mands in Catalonia, speaks the Cat-  
alan language, and understands the  
situation.

The government declines to publish  
figures of the casualties in the riots  
of Tuesday and Wednesday. It is in-  
ferred from private information receiv-  
ed here that 40 persons were killed  
and 200 wounded during the encoun-  
ters of those days, and that 500 ar-  
rests have been made. All persons  
who were slightly wounded were con-  
cealed by their friends in order to  
avoid prosecution.

Women took a prominent part in the  
riots, and were more violent than the  
men. Among the incidents related of  
the disorders at Barcelona is the case  
of a policeman who fell a victim to  
his resemblance to an inspector nam-  
ed Tiesols, who is much hated by the  
anarchists. The policeman, mistaken  
for the inspector, was assassinated.

The telegraph lines have been cut  
between Sabadell and Tarrasa. It is  
feared the strike will next extend to  
Seville and Verona and a ministerial  
crisis is not an unlikely outcome of  
the trouble.

It transpires that last Sunday sev-  
eral workmen's meetings were held  
in Barcelona. The principal meeting  
was held at the Circo Espanol and  
was attended by 6,000 persons. Ter-  
esa Claramunt, the notorious agitator  
Bonfilla, and other anarchists, made  
violent speeches at this meeting in  
favor of a general strike. This idea  
was instantly adopted, and the inter-  
vention of the government agents, who  
always attend such meetings, was  
openly spurned.

## Boy Charged With Theft.

Chicago, Feb. 21.—Seventeen-year-  
old Fred Miller of Toronto, Ont., has  
been arrested here. Miller is alleged  
to have absconded with money which  
he was sent by his employers to bank.

## RAKED STREET AFTER STREET.

Artillery Was Brought Into Action at

Barcelona.

London, Feb. 21.—A message to the  
Exchange Telegraph company from  
Barcelona via Perpignan, France, says  
a fierce battle has been fought between  
the troops and the rioters in the sub-  
urb of Barcelona known as Sano. Be-  
fore the engagement the cavalry and  
infantry had been posted in the most  
dangerous points and a field battery  
had been located on the plaza from  
which vantage point the guns could  
sweep the surrounding streets. When  
the final clash with the troops occur-  
red, continues the dispatch, the artill-  
ery was brought into action and raked  
street after street. The rioters en-  
gaged the batteries at close range, but  
were finally driven off. It is reported  
that 500 persons were killed and  
wounded on both sides. The entire  
neighborhood was wrecked by the  
shells. The ruins caught fire and this  
completed the destruction.

Further fighting is reported at Ma-  
ro (fifteen miles from Barcelona),  
where a quantity of arms have been  
discovered. Fighting is also reported  
at Tortosa and Tarragona, respective-  
ly 100 and 50 miles southwest of Bar-  
celona.

## VALUE OF DOMESTIC ANIMALS.

Census Bureau Issues a Report on the

Subject.

Washington, Feb. 21.—The census  
bureau in a report on domestic ani-  
mals, fowls and bees in the United  
States on June 1, 1909, announces that  
all the domestic animals in the United  
States have a probable value of at  
least \$3,200,000,000. Of this amount  
the value of the animals on farms and  
ranges constitute over 93 per cent  
and those not on farms 7 per cent.  
The census received no reports on  
value of animals, but estimates it at  
\$215,192,928. The total value of all  
domestic animals on farms and ranges  
was \$2,981,954,115, against \$2,208,760,-  
513 in 1890. There was a gain in all  
parts of the country, except in the  
North Atlantic states, where there was  
a decrease of horses, sheep and swine,  
making a total decrease of 3 per cent  
in value. Iowa leads all the states in  
the total value of its live stock, while  
Texas ranks second. The former has  
an investment of live stock of \$271,-  
844,034, and the latter has \$236,227,434.  
Texas, however, has the greatest num-  
ber of neat cattle, mules and boats,  
but the average value of these and other  
animals being less than in Iowa the  
pre-eminence in value rests with Iowa.

## FRENCH STEEL COMPETITION.

Agents at Chicago Said to Be Looking

for Contracts.

Chicago, Feb. 21.—The Record-Her-  
ald says: The steel trust has found a  
competitor in the Union Steel com-  
pany of France. That company now  
has a representative in Chicago en-  
deavoring to obtain contracts at less  
than trust prices.

It is claimed by these representa-  
tives that one contract has been signed.

Rene Blum and Gaston Block, who  
were sent to this country by the  
French company, say the steel they  
sell is made by a new process, which  
is known only to those engaged in its  
manufacture. By this secret process  
they assert their concern can produce  
the best steel at about half the cost  
of American manufacture. They fur-  
ther say the new product is practical-  
ly non-breakable. The Frenchmen vis-  
ited the offices of the Burlington, the  
Alton and other railways and it is  
said the first named road made con-  
tracts for large consignments of steel  
to be used in the manufacture of tools  
for their machine shops.

## STOCKS FELL SHARPLY.

Attorney General's Proposed Fight on

the Railway Merger Affects Them.

New York, Feb. 21.—The announce-  
ment by the attorney general of the  
United States that he believed the  
Northern Securities company infringed  
the anti-trust law and that he would  
file a bill in equity in the supreme  
court, in accordance with instructions  
from the president, to test the ques-  
tion, overshadowed all other consid-  
erations in the stock market. The  
acute interest manifested in this com-  
pany by all speculators, and, indeed,  
all holders of securities, was vividly  
demonstrated by the effect in the  
stock market and was the more nota-  
ble since Great Northern preferred is  
the only stock remaining listed on  
the exchange which is directly includ-  
ed in the securities company. Yet the  
whole market fell away sharply under  
heavy liquidation, with only a few  
unimportant exceptions.

## ALONG THE GERMAN COAST.

Wireless Telegraph Stations to Be

Established.

Berlin, Feb. 21.—The navy depart-  
ment has decided to establish a chain  
of wireless telegraph stations along  
the entire German coast. For the  
last few days trials have been con-  
ducted at Kiel to determine whether  
the department shall use the Braun  
system or the Slaby-Arco system. In  
the latter of which Emperor William  
has shown great interest. Thirty-two  
German warships have already been  
equipped with the Slaby-Arco system  
of wireless telegraphy, while eight  
more are to have this system install-  
ed. Official reports say that the Slaby-  
Arco system gives the most satisfac-  
tory results, as by this system wire-  
less messages are transmitted a dis-  
tance of 125 miles as against 30 miles  
by the Marconi system.

## Publishers Elect Officers.

New York, Feb. 21.—At the after-  
noon session of the Newspaper Pub-  
lishers' association, the following  
were elected: President, Charles H.  
Taylor, Jr., of the Boston Globe; vice  
president, A. A. McCormick, Chicago  
Record-Herald; secretary, W. C. Bry-  
ant, Brooklyn Times; treasurer, Ed-  
ward P. Call, New York Evening Post.

## Democratic Caucus Postponed.

Washington, Feb. 21.—The caucus of  
Democratic members has been post-  
poned because of the early meeting  
of the senate. No date is fixed for the  
caucus.

## AUTHORITY DISPUTED

SENATOR PATTERSON ATTACKS

SEDITION LAWS FRAMED BY

PHILIPPINE COMMISSION.

## ROASTS GOVERNOR TAFT

Compares Information Furnished by

Executive Departments With State-

ments Made by Taft Before the

Philippine Committee—Forty-Two

Pages of the Indian Bill Disposed of

by the House.

Washington, Feb. 21.—With the ex-  
ception of a few minutes given to rou-  
tine business, the senate devoted its  
entire session to the Philippine ques-  
tion. Mr. Patterson of Colorado, one  
of the minority members of the Phil-  
ippine committee, delivered his first  
extended speech in the senate and  
was given a most attentive and careful  
hearing. He discussed principally the  
sedition laws enacted by the Phil-  
ippine commission, vigorously attacking  
the authority of the commission to en-  
act and enforce such laws. He main-  
tained that congress alone had the  
power to put in force enactments of  
that character. He compared infor-  
mation furnished by the executive de-  
partments of the government with  
some of the statements of Governor  
Taft in his testimony before the Phil-  
ippine committee with respect to the  
capabilities of the Philippine people,  
and declared, with some heat, his be-  
lief that Governor Taft misrepresented  
the true situation in the islands for  
motives unknown. He asserted that  
if the 6,000,000 of Christians in the  
Philippines were Protestant Christians  
the cruelties practiced on them by the  
American authorities would have to  
stop, as no member would be able to  
withstand the wrath of the Methodists,  
Baptists and Presbyterians of this  
country.

## Nelson and McCumber Speak.

Mr. Nelson of Minnesota presented  
a legal and constitutional argument  
in support of this government's action  
in the Philippine archipelago and  
sharply criticized Mr. Patterson for  
injecting into the controversy the ques-  
tion of sectarianism.

Mr. McCumber of North Dakota urged  
that congress should not bind the  
future now by a declaration of a defi-  
nite policy regarding the Philippines  
as it was desirable that all possible  
information should be in hand before  
a permanent policy was determined  
upon.

In conclusion he said that the com-  
mercial advantages of the Philippine  
islands should be considered but they  
were overshadowed by three great  
duties—duty to the people of the Phil-  
ippines, to the people of the world and  
to the people of the United States.  
When these duties had been performed,  
and when all had been done for the  
betterment of the Philippines,  
there could be done by the United  
States, then it would be time to de-  
termine what should be the final dis-  
position of the islands so far as this  
country was concerned.

A bill authorizing the construction  
of a bridge over the Missouri river at  
Kansas City, was passed, and the sen-  
ate then at 5:15 p. m., went into ex-  
ecutive session, and soon after ad-  
journed.

## INDIAN APPROPRIATION BILL.

House Spends the Entire Day in Its

Discussion.

Washington, Feb. 21.—The house  
spent the day working on the Indian  
appropriation bill. Forty-two of the  
62 pages were disposed of. Several  
amendments were adopted, but none  
of much importance. The appropri-  
ation for preliminary work in the re-  
servoir for the Gila river valley went  
out on a point of order. Mr. Smith  
(A. T.) offered an amendment to strike  
out the appropriation for the Carlisle  
school, and it became the text for a  
general onslaught on the practice of  
educating Indians in eastern schools.  
His amendment was defeated.

Just before the close of the ses-  
sion, Mr. Fitzgerald (N. Y.) made an  
attack on the superintendent of the  
school at Mount Pleasant, Mich., who,  
he said, was charged with permitting  
the debauching of Indian girls. Mr.  
Sherman, chairman of the Indian com-  
mittee, promised to make an inves-  
tigation at the Indian office.

## SECRETARY LONG MAY RETIRE.

Said He Has Been Waiting for Dis-

posal of the Schley Case.

Washington, Feb. 21.—Now that the  
Schley matter has been settled offi-  
cially, it is understood that Secre-  
tary Long feels he is at liberty to car-  
ry out the project cherished by him  
in the last year of President McKin-  
ley's administration to retire to private  
life. However, this is not expected  
to ensue at once, for there is no cer-  
tain knowledge of what may follow  
in congress, notwithstanding a strong  
belief by the administration that the  
case is settled beyond revival. There-  
fore it is understood that the change  
in the cabinet circle will not take  
place before the adjournment of the  
present session of congress, and per-  
haps not until next autumn.

## Knox Intends to Remain.

Washington, Feb. 21.—Reports hav-  
ing been rather widely circulated that  
Attorney General Knox had decided  
to resign from the cabinet, it can be  
stated that there is absolutely no basis  
of fact for these reports.

## Furniture Factory Burns.

Toronto, Ont., Feb. 21.—Fire start-  
ing by spontaneous combustion in the  
finishing room of the Menzies Manu-  
facturing company, limited, manufactur-  
ers of furniture, and spreading to the  
adjoining premises of the Merchants  
Dyeing and Finishing company, did  
damage to the extent of \$205,000.

## FISCAL SUMMING UP.

Prosecution Concludes in the Cuban

Postal Frauds Case.

Havana, Feb. 21.—The fiscal began  
summing up for the prosecution dur-  
ing the day in the cases of the Cuban  
postal frauds. He withdrew all the  
charges against the two Cuban stamp  
clerks, Moya and Mascara. He with-  
drew the charges against Estes G.  
Rathbone for issuing duplicate war-  
rants and charged the issuing of these  
warrants to W. H. Reeves and C. F.  
W. Neely. He maintained the charges  
of conspiracy and extravagance  
against Rathbone, and said these cases  
were the most important that had  
ever come before the Cuban courts.  
He declared that there was no doubt  
from the testimony of the experts  
that \$122,000 had been stolen. He  
said that Rathbone had full powers  
for the organization of the postal ser-  
vice in Cuba, and was only responsible  
to the postmaster general, and that if  
the service had been properly organ-  
ized the majority of the frauds in ques-  
tion could not have occurred. Rath-  
bone, said the fiscal, did not deposit  
the funds as required by the postal  
laws, and that they should have been  
deposited when they were received,  
instead of which Rathbone left the  
money in the safe. This alone, the  
fiscal declared, rendered Rathbone li-  
able to imprisonment for six months.  
He said that Rathbone must have  
known of these irregularities or steal-  
ings. He also introduced letters to  
show the intimacy which had existed  
between Neely, Reeves and Rathbone.

## MINNESOTA LAWMAKERS.

Tax Bill Reported by Senate Com-

mittee Without Recommendation.

St. Paul, Feb. 21.—A new menace to  
the tax bill loomed before legislators  
during the morning. By the Wallace  
compromise, enemies of the bill have  
been won over. On the other hand,  
some of its friends loudly threaten de-  
sertion. The Wallace compromise  
amendment has been agreed to by  
representatives of two elements.

These amendments, which re-enact  
the present law as to listing property,  
were pronounced satisfactory and the  
prospects were bright for the speedy  
passage of a compromise bill in the  
house, but the farmer members of the  
legislature, who have been supporting  
the bill, declare they will vote against  
a compromise.

The tax bill is at last before the  
senate, but has not been taken up for  
discussion. It was reported out dur-  
ing the morning by the committee without  
change or recommendation.

## SEEK ELEVATOR RELIEF.

Independent Grain Buyers Form Large

Organization.

Fargo, N. D., Feb. 21.—The North-  
western Elevator company was estab-  
lished here during the day as a per-  
manent organization by independent  
grain buyers from Iowa, Minnesota  
and the two Dakotas. The officers are:  
President, W. H. McPherson, Val-  
ley City, N. D.; first vice presi-  
dent, A. L. Ballou, Larabee, Ia.; sec-  
ond vice president, B. W. Perr, Bath,  
S. D.; secretary, J. C. Hanney, St.  
Paul, Minn.; treasurer, J. M. Finney,  
Clinton, Minn.

The organization seeks to end war-  
fare between buyers and old line ele-  
vator companies. It will act as kind  
of arbitrator and adjust differences at  
local points so that satisfactory prices  
may be permanently established.

## Battle Raging in Colombia.

Panama, Colombia, Feb. 21.—It is  
positively known here that the forces  
under the government, General Castro,  
and the revolutionary, General Her-  
rera, are fighting. Varied and numer-  
ous reports have reached here of this  
engagement, but they all lack confir-  
mation. The forces of the above men-  
tioned commanders are in the vicinity  
of Agua Dulce, Yeguala and San Car-  
los, between 30 and 40 miles southwest  
of Panama.
